

VUZIX BLADE®

Augmented Reality Smart Glasses – BUSINESS

Immediate mobile access to patient data & tests

Vuzix Blade® for the Workplace

The first Augmented Reality (AR) Smart Glasses featuring advanced waveguide optics for hands-free mobile computing & connectivity.

Enhancing service in retail through mobile hands-free access

The Vuzix Blade is the perfect workplace tool for delivering enhanced functionality for your hands-free, mobile computing requirements. Ideal for light business mobile applications – from accessing real-time data, to work instructions, to light augmented reality, to HD photography and video recording. The perfect mobile communications tool for daily use in your business activities.

The Vuzix Blade Smart Glasses are completely untethered, and support both Wi-Fi and Bluetooth interfaces to phones and the Internet. They deliver a hands free connection of the digital world to the real world, providing unprecedented access to location-aware information, data collection and more. The private, see thru, full color, bright, high resolution screen performs both indoors or in sunlight. The Vuzix Blade is your wearable mobile personal computer for workplace applications.

Vuzix Blade® Smart Glasses – Leave Your Phone in Your Pocket™
